- You must take at least 12 credit hours as an undergraduate or 9 credit hours at the graduate level in order to receive the full amount of BAH available to you.

6) Drop/Withdrawal Questions

**Drop a class:**
If you drop a class **AFTER** the drop/add period (One week after the start of school), VA will **ONLY** pay a percentage based on the last date of attendance. However, the school still charges the full amount of tuition.

* VA may pay the full amount if there are mitigating circumstances*

“Mitigating circumstances: Students in auto accident, hospitalization, death in family, serious illness, change in employment, etc.

If you drop a class at the Registrars office due to mitigating circumstances, you **MUST** notify the schools certifying official so that it can be reported to the VA. When mitigating circumstances are reported, the VA will contact the student. The student **MUST** submit evidence of the mitigating circumstances to the VA.

**Withdrawal and refunding the VA:**
The student is responsible for paying back a debt to the VA if…
- The student withdrew after the first day of the term
- The student dropped a class before or during the term

If you withdraw from school or drop a class after the drop/add period, the school will determine your incurred charges and charge your student account appropriately.

- If there is a credit it will be refunded to the student because the VA will request the funds from the student.
- The credit might not be the same amount the VA is requesting from the student, depending on the charges incurred at the school.

*The VA might also request back all BAH and Book stipends*
