

The Student-Athlete Advisory Committee (SAAC) has begun a fund-raising event that will keep **the earth clean** by recycling used ink jet and laser printer cartridges and cell phones. The **"Make a Difference"** campaign is aimed at educating and engaging you in resource conservation and environmental protection. This project will run all semester long and (hopefully) for semesters to come!

"Make a Difference" will not only help our **environment**, but it will also assist in raising funds for **SUNY Canton Roos Athletic Programs**. The SAAC members will set up recycling boxes in buildings throughout campus, in locations such as the dormitories, faculty buildings, eateries, etc.

Please use these boxes to drop off used cartridges and cell phones only.

This **green** effort will be gladly appreciated! It will protect the world's oil resources and will contribute to finding suggestions on ways to reuse and recycle these items.

The SAAC is comprised of two members from each varsity athletic team, who act as representatives from their programs to the athletic administration, campus community, and vice versa. Please check out the SUNY Canton SAAC website for more information about our organization, mission, and members <http://www.canton.edu/athletics/saac/saacpage.html>

For more information on **"Make a Difference"** or SAAC, contact advisor Kate Thomas-Moody at 386-7976 or email her at moodyk@canton.edu

Thank you for your support and for making a difference!!

With Gratitude,

Zeuxi De La Cruz
SAAC President
