Welcome to SUNY Canton!

This supplement was created to assist you throughout your academic journey at SUNY Canton. The information provided will help you greatly as you begin your studies. As you progress through your course of study, it will also become a valuable tool for discovering and utilizing all of the student support services and resources that are available to you. From accessing tutoring centers, to locating commuter lockers; to finding out about the latest campus events or career planning… this handbook contains brief summaries regarding all of the resources that make SUNY Canton a student-centered institution.

A critical individual in your academic planning, achievement, and graduation is your academic advisor. Your advisor is a faculty member that you can seek out for advice, voice concerns to, and plan your academic goals with. He or she is an individual who is available to you whenever you need guidance or assistance. It is very important to seek out your advisor as soon as you begin to experience difficulties—or if you simply have a question and need clarification. Your advisor will meet with you formally throughout the academic year, however, academic advisors are always available should you need their assistance. You may receive an email or phone call from your advisor throughout the semester regarding your academics. It is important to follow through and contact your advisor immediately. You advisor is your coach and mentor, and wants you to succeed. Sometimes a five minute conversation can provide the insight and clarification you need to continue on your academic journey. Believe it or not, all of your academic advisors were once college students themselves, and know firsthand what it feels like to juggle college, work and life!

Please take some time to review the contents of this handbook and welcome to SUNY Canton!

Meet Your Academic Dean!

On behalf of our faculty, staff, and student body, welcome!

We want each of you to be successful, to complete the program of study you have come here to pursue, and to leave us prepared to get a good job or to continue your education. There are many areas on campus that can help you succeed. In order to get the most out of your college experience, there are a few basic steps that you, as a student, need to take:

+ Attend class and avoid all unnecessary absences
+ Do your assignments throughout the semester
+ Come to class prepared to contribute
+ Be a proactive rather than passive learner
+ Identify and resolve problems early
+ Take advantage of extracurricular activities the campus and community offer

Finally, seek support from appropriate resources including your faculty advisor and those outlined in the following pages. Assuming that you do your part and use campus resources appropriately, we’ll look forward to celebrating your accomplishments together at graduation.

</tr>
<tr>
<td>Time Management</td>
<td>Two courses, BASK 051: College Success Strategies and FYEP 101: First Year Experience assist students with time management, prioritizing, note-taking, reading comprehension, study skills and strategies for succeeding in college.</td>
<td>You can elect to enroll in FYEP 101...it is open to all students in all majors. It is a 1-credit course that meets 1x weekly for 50 minutes. FYEP 101 is offered on campus and online. If you want to enroll, see your academic advisor.</td>
</tr>
<tr>
<td>Study Skills</td>
<td>Study skills are taught / practiced in all of the learning labs offered through the Tutoring Service Center, Student Support Service Office and the Accommodative Services Office. Study skills are also emphasized in our FYEP 101 First Year Experience Course. Your advisor can also offer tips and strategies for managing time and forming successful study habits...just ask!</td>
<td>Having trouble with time management, study skills, note-taking? See your academic advisor immediately. There are many resources available to assist you.</td>

Section 9: Extra Curricular Activities

College is a place for academics as well as an opportunity to engage in extracurricular activities. Participation and/or attendance at college activities will assist you with maintaining a balance between work and play. Opportunities to participate on our many sports teams, engage in community service events, become involved in student government, join a club or organization, and take part in fun campus events throughout the academic year are available to you—and most are free of charge! So, after your homework is complete…..consider attending a sports event, movie night, or club activity! Here is a brief summary of some of the many extracurricular activities offered on our campus with contact information:
