

Fall 2017 Course Assessment Plans:

Below, you'll find the list of courses to be assessed using the AACU VALUE rubrics for Communication and/or Critical Thinking (or alternatives approved by the ISLO Subcommittee, details below) in the Fall 2017 semester. The courses listed were identified in program assessment maps as the competency or mastery checkpoints for these two ISLOs.

These specific courses must be assessed using either an AACU VALUE Rubric or a rubric approved by the ISLO Subcommittee (in many cases the grading rubric suffices, but we may have some minor suggestions). We are making a strong effort to consolidate grading and assessment practices to save faculty valuable time and resources. If you would like to submit a rubric to the ISLO Subcommittee for review, please e-mail jonesk@canton.edu

For each other course not listed below, faculty are asked to assess two course objectives aligned to the ISLO of Critical Thinking or the ISLO of Communication. You do not have to use the AACU rubric to assess these objectives. Only the courses listed in the Program Assessment Plans below are expected to use the AACU Value Rubrics or alternatives submitted to the ISLO Subcommittee.

Any faculty member in their first year of service teaching courses is exempt at the discretion of the program director. If I have mistakenly added a first-year faculty member to the assessment plan, please let me know so I can revise the plan. I have most of them noted in my spreadsheet, but occasionally one slips through.

Timeline:

Week 5: All measures should be entered in Task Stream by **Friday, September 29th**.

Weeks 6 & 7: Deans notified of measure entry update progress.

Findings Entry: **Due by the end of the week following final grade entry deadline.**

Powersports Performance and Repair

As per Deborah Moeckel's presentation to faculty senate, certificate programs are exempt from ISLO assessment requirements. For assessment in the major, certificate programs are still expected to engage in program SLO assessment. The updated plan for Fall 2017 is as follows:

Program SLO #1:

MSPT 122

Program SLO #2:

MSPT 112

Program SLO #4:

MSPT 101
