

2018 Full Calendar Year Course Assessment Plans:

Below, you'll find the courses to be assessed in 2018 using the AACU VALUE rubrics for ISLO #4: Social Responsibility (or alternatives approved by the ISLO Subcommittee - see details below). The courses listed were identified in program assessment maps as the competency or mastery checkpoints for this ISLO.

If the courses listed—beginning on page two—are taught only in the spring, all sections should be assessed in the spring. If the courses are taught only in the fall, all sections should be assessed in the fall.

Program Directors and Curriculum Coordinators: please notify your faculty of their course assessment obligations.

We are asking that faculty make a good-faith effort to assess the courses listed below, using either one of the following AACU VALUE Rubrics (Ethical Reasoning, Global Learning, Intercultural Knowledge, Teamwork) or a rubric approved by the ISLO Subcommittee.

We understand that the process of adopting new rubrics is difficult. The purpose of assessing using these rubrics is to test whether or not our alignment of ISLO 4: Social Responsibility with Program SLOs and Course SLOs is accurate. If it is not, then our course of action will be to re-align our mapping at the program and course level.

We are making a strong effort to consolidate grading and assessment practices to save faculty valuable time and resources. If you would like to submit a rubric to the ISLO Subcommittee for review, please e-mail jonesk@canton.edu

Courses Not Listed On Subsequent Pages:

For all courses not listed on the subsequent pages, faculty are asked to assess two course objectives aligned to:

New ISLO 4: Social Responsibility (if your course outlines are updated)

Old ISLO 4: Inter-Intrapersonal Skills (if your course outlines have yet to be updated and still feature the old ISLOs)

You do not have to use the AACU rubric to assess the objectives above. Only the courses listed in the Program Assessment Plans below are expected to use the AACU Value Rubrics or alternatives submitted to the ISLO Subcommittee.

Any faculty member in their first year of service teaching courses is exempt at the discretion of the program director. If we have mistakenly added a first-year faculty member to the assessment plan, please let us know so we can revise the plan.
