

ACADEMIC PERFORMANCE – SUSPENSION/PROBATION

Student academic performance is evaluated by the Academic Appeals Committee. This evaluation is used to determine a student’s eligibility to continue at the College.

At the end of each semester, the records of all students will be reviewed. Students who fail to make satisfactory progress will be suspended from the College (see below). Any student whose GPA falls below the Academic Jeopardy range will be either placed on probation or suspended from the College. **It is not necessary that a student be on probation before being suspended.**

The following cumulative GPAs are used to identify students who are subject to routine suspension for academic reasons. A student classified as an academic suspension will be dropped from matriculated status.

¹Imputed credit ~ Courses designated as remedial/developmental cannot be awarded academic credit, and therefore do not count towards overall GPA or earned hours toward a college degree. At the discretion of the appropriate academic dean, imputed credit hours may be used in determining a student’s academic status.

²Students in academic jeopardy are considered to be maintaining minimum satisfactory academic progress and are eligible to re-register.

An academically suspended student cannot transfer credits to the college until he/she applies for readmission and regains matriculated status.

Note: Re-establishing Matriculated Status Following Academic Suspension

The readmitted student will be required to achieve a term GPA of 2.0 at the end of the first semester following readmission to avoid being suspended. In succeeding semesters, the cut-off cumulative GPA (on the above chart) for all other students will apply.
