

# Canton Church & Community Program

## Angel Tree

For 25 years, the Church & Community Program (C&CP) has ensured that lower income residents of our community can obtain needed food, clothing, and other essentials. Last year the C&CP helped to make Christmas possible for over 300 families.

The Canton C&CP, established in 1974 by members of several congregations, works cooperatively to respond to needs of local residents by utilizing resources of both the church and community. The program goals remain unchanged:

- To provide a "safety net" for people in crisis
- To assist with emergency needs other agencies are unable to meet
- To provide volunteer opportunities for area residents

**You Can Help!.....Today!!**

Hand-pick an Angel Tree tag from one of our selective Christmas trees and purchase clothing or a toy for a Canton area boy or girl.

The Christmas tree will be glowing in the Miller Campus Center Lobby, outside Student Activities, Rm 211.

**Please return unwrapped gifts to the Miller Campus Center 211 by Friday December 9**

**SUNY Canton says Merry Christmas to the Canton Community!!!**
