My advice to everyone is to cherish life as much as you can because you never know when it's going to leave you. Throughout my 4 years here I've met many wonderful people and have had many amazing experiences. But, first, I would like to thank Daun, Travis, Anna, Karen, Noelle, and my past

lived in me when times were tough.

- To my cousin, Cody Boardway: Stay away from my friends. They only think you are cute!
- To my best friend from the very beginning, Keri: You were always there for me and made every moment funny. I love you soooo much. I'll cherish you forever.
- To Donnie Tebo: I love you. You were always there for me like the big brother I never got to have. Thanks for always putting a smile on my face.
- To James McGrath: You were the one who made me shine with my talent. Thanks for believing in me and encouraging me to succeed in my passion. Don't stop believing in yourself, you're better than you think.

- To Nate Petrie, My Buddy: You inspired me to strive further and not care what people think of me. There are many memories of you that I hold, but, the one that touches my heart the most was your monologue about gay people overcoming people's opinions. Thank you for making that so great.
- To Courtney McGregor: Fun times, fun times. You made every moment a moment to remember. That personality will get you far in life.
- Lastly; To Mr. Bish: Thanks for pushing me to the extent to where I became a better person. You've helped me conquer so many fears and become a better performer. I am a more confident person because of you. I can't thank you enough.

Those who I have not mentioned, thank you for being there and impacting my life in a way that I'll be grateful for forever. You made each experience more and more memorable. I love you all. You all are talented people do don't ever settle for less than what you deserve. But, one last thing, please remember me.
