G. COURSE DESCRIPTION:
This clinical experience correlates with content taught in courses PHTA 100 through PHTA 207. The student is assigned to a physical therapy clinical site where they will work under the direct supervision of a licensed physical therapist or registered physical therapist assistant. This will provide the student with the opportunity to put the knowledge and skills learned in the classroom and laboratory into practice in a clinical setting. The PTA student will demonstrate clinical problem solving skills based on academic knowledge and previous lab and clinical experiences. This experience will take place during the fourth semester and will last six full time weeks.
