

Minor in Applied Psychology

Psychology is the science of behavior and mental processes, and its applications are relevant to many different fields of study. The Minor in Applied Psychology is designed to complement the training and education students receive in their respective academic majors, particularly in terms of describing, predicting, understanding, and explaining human behavior.

The minor is organized so that students have a choice regarding the content that is most applicable to their own interests (and major). The requirements are 18 credit hours, from the following designations:

Course Number	Course Name	Credits	Term
1. Required			
PSYC 101	Introductory Psychology	3	
2. Select two lower level courses			
PSYC 225	Human Development	3
