

Curriculum Coordinator: Jennifer Waite Date of Presentation: January 19, 2017

Programmatic Changes Implemented from Fall 2015 to Fall 2016

- Developed and Revised Rubrics for Grading
- Introduced AACU Rubrics for assessment
- Frontloaded measures to assure greater number of students completing measures
- Discussion on Program Assessment Guidelines awaiting Assessment Committee input
- Increased use of instructional support to include MTS and Tutoring Center

Changes, cont.

- Support of Administration in the purchase of instructional software. Department purchased Turning Point clickers for instructional use.
- Instituted change in assessment to include collection and assessment of Institutional Student Learning Outcomes, Communication and Critical Thinking.

Changes, cont.

- Program initiated review of psychology courses in Fall 16 to update course descriptions and objectives to address problematic course SLOs.
- Change in Curriculum Check Sheet to reflect semester course offerings.

What was assessed? Student learning outcomes list:

SLO 1 – Professional Development in Psychology or Human Services or Applied Behavior Analysis Students will demonstrate skills in applying psychology-specific content and skills, effective self-reflection, project management skills, teamwork skills, and career preparation.

SLO 2 – Ethical and Social Responsibility in a Diverse World Students shall demonstrate skills for the development of ethically and socially responsible behaviors for professionals and personal settings in a landscape that involves increasing diversity.

SLO 3 – Communication Skills Students shall demonstrate competence in writing and in oral and interpersonal communication skills.

SLO 4 – Scientific Inquiry and Critical Thinking Students shall demonstrate the development of scientific reasoning and problem solving, including effective research methods.

SLO 5 - Knowledge Base of Applied Behavior or Human Services or Psychology Students will demonstrate fundamental knowledge and comprehension of the major concepts, theoretical perspectives, historical trends, and empirical findings to discuss how psychological principles apply to behavioral problems.

Where were outcomes assessed?

- *PLO 1 Professional Development HUSV 100, 305, 421 PSYC 220, 275, 310, 340*
- PLO 2 Ethical and Social Responsibility HUSV 100, 201, 305, 420, 421 PSYC 101, 220, 225, 275, 310, 340 SSCI 370
- PLO 3 Communication Skills HUSV 100, 201, 305, 420, 421
 PSYC 101, 220, 225, 275, 310, 340
 SSCI 370
- SLO 4 Scientific Inquiry and Critical Thinking HUSV 201, 305, 420, 421 PSYC 101, 220, 225, 275, 310, 340 SSCI 370
- SLO 5 Knowledge Base HUSV 100, 201, 305, 420, 421 PSYC 101, 275,310, 340, SSCI 181, 370

How was the assessment accomplished?

- Student work assessed:
 - Quiz, midterm and final exam questions
 - Oral presentations
 - Research papers
 - Written assignments
 - Small group participation
 - Debates
 - Discussion boards/blogs
- Measurement strategy:
 - rubrics used for oral presentations, research papers, written assignments
 - AACU Rubrics for assessment of Institutional Student Learning Objectives(selected classes)
 - Criterion-Referenced Global Evaluation
 - % of questions answered correctly on quizzes, midterm/final exams
- Sample size:
 - All students

Professional Development-Fall 2015 SLO 1 - Students will demonstrate skills in applying psychology-specific content and skills, effective self-reflection, project management skills, teamwork skills, and career preparation.

Fall 2016 Assessment results: What has the data told us?

- SLO 1 Professional Development
 - Following directions and timely delivery in discipline-specific format
 - Exhibiting self-efficacy and self-regulation
- SLO 2 Ethical and Social Responsibility
 - evaluating psychological phenomena and relating with one another with more cultural sensitivity
- SLO 3 Communication Skills
 - demonstrating effective written and/or oral communication expressing ideas, vocabulary, supported arguments
- SLO 4 Scientific Inquiry and Critical Thinking

 Supporting claims, evaluating claims, determining peer-reviewed from other sources
 Synthesizing and evaluating information from multiple sources
 - -Synthesizing and evaluating information from multiple sources
- SLO 5 Knowledge Base

Retaining cumulative aspects of program content

Fall Semester Data Assessment Comparisons

- Increase in the number of no findings. Rationale: Instructors did not count students not completing the assignment in the overall numbers.
- Increase in met categories.
 Rationale: Smaller ratio denominator increased the number of met for the objective.

Questions which the data might suggest for School-wide/College-wide consideration

- Why do some students not turn in assignments?
- Why are some of our students satisfied with D's?
- Why don't some students access support services?
- Why are some students satisfied with barely passing?
- Why is there a lack of persistence by some students?
- Why do some students not take advantage of draft/early submission opportunities?

Data-driven decisions: How the department has or plans to "close the loop" based on these results.

- Given these findings, what will the department do differently?
- General categories:
 - Continue to develop rubrics
 - Discuss Program Assessment Guidelines
 - Increase instructional support (MTS, acquire software and other technology, use library sources, etc.)
 - Continue to review assessment methods and/or measures for revision
 - Change problematic course SLOs for both program and institutional ease of assessment

What resources were used or have been requested to close the loop?

- Potential resources that you might identify:
 - Transportation for students to internships
 - Travel for Faculty supervising internships
 - Funding for future internships development
 - Committee/Department faculty time making revisions spanning more than one course or adjusting the curriculum
- Initiate department discussion in 2016-2017 of all courses, to ensure all courses meet the Applied Psychology stated Program Learning Outcomes.
- Request funding, as warranted, for course revisions, curriculum and/or future course development.
- Efficacy Research-Participation Incentives (\$500)
 - Best Practices in Online Education
 - Lecture/Seminar Section Format Pilot

BLA Pedagogical Enhancement (\$500)

Program Comments/Recommendations of Assessment Process

- Academic Assessment Committee Guidelines to be established to standardize process.
- Need to review assessment information system and provide more communication and training to all especially adjuncts
- Need to complete renaming of ISLO's to allow for revisions of course syllabi
- Reduction of the number of objectives to be measured through review of course syllabi.
