2021 <u>Full Calendar Year</u> Course Assessment Plans:

Below, you'll find the courses to be assessed in 2021 using the AACU VALUE rubrics for ISLO #4: Social Responsibility (or alternatives approved by the ISLO Subcommittee - see details below). The courses listed were identified using program assessment maps found in Taskstream.

<u>Program Directors and Curriculum Coordinators:</u> please notify your faculty of their course assessment obligations.

We are asking that faculty make a good-faith effort to assess the courses listed below, using either one of the following AACU VALUE Rubrics (Ethical Reasoning, Global Learning, Intercultural Knowledge, Teamwork) <u>or</u> a rubric approved by the ISLO Subcommittee.

We understand that the process of adopting new rubrics is difficult. <u>The purpose of assessing using these rubrics is to test whether or not our alignment of ISLO 4: Social Responsibility with Program SLOs and Course SLOs is accurate. If it is not, then our course of action will be to re-align our mapping at the program and course level.</u>

We are making a strong effort to consolidate grading and assessment practices to save faculty valuable time and resources. If you would like to submit a rubric to the ISLO Subcommittee for review, please e-mail jonesk@canton.edu

NOTE: If you already assessed the courses included in your program assessment plan and entered findings using the AACU VALUE Rubrics for ISLO #4: Social Responsibility in the Fall 2018, you do not need to assess the course in Spring 2018.

Courses Not Listed On Subsequent Pages:

For all courses not listed on the subsequent pages, faculty are asked to assess two course objectives aligned to:

New ISLO 4: Social Responsibility (if your course outlines are updated)

Old ISLO 4: Inter-Intrapersonal Skills (if your course outlines have yet to be updated and still feature the old ISLOs)

You do not have to use the AACU rubric to assess the objectives above. <u>Only the courses listed in the Program Assessment Plans below are expected to use the AACU Value Rubrics or alternatives submitted to the ISLO Subcommittee.</u>

Any faculty member in their first year of service teaching courses is exempt at the discretion of the program director. If we have mistakenly added a first-year faculty member to the assessment plan, please let us know so we can revise the plan.

General Timeline for Each Semester:

Week 5: All measures should be entered in Task Stream (this is also a valuable time to ensure your course permissions are updated. Contact jonesk@canton.edu if you find any issues)

Weeks 6 & 7: measure entry progress checked.

Findings Entry: Due by the end of the week following final grade entry deadline.

Additional Stipulations

1. If any program would like to use a tool of measurement other than the AACU rubric to measure Global Learning, Teamwork, or Intercultural Knowledge in their courses, they may send the tools and assignment guidelines to jonesk@canton.edu to be reviewed by members of the ISLO Rubric Review Subcommittee. Turnaround time will be two weeks at most. We will strive for one-week turnaround.
