Present: David Barnes, David Button, Renee Campbell, Patrick Casselman, Cullen Haskins, Kirk Jones, Doug Scheidt, Sarah Todd, Erin Voisin

The meeting was convened at 3:00 p.m.

➤ I. ISLO Revisions –

Kirk: The revised ISLOs that were prepared by the ISLO sub-committee were shared and reviewed by the committee to ensure that everything that should be on it is. Based on our vision statement, the committee suggested some changes. We will be using the AACU rubrics where applicable. Doug suggested that just lists with definitions go to Faculty Assembly. The rubrics will act as operational guidelines for this committee.

Next Steps:

- ~ The ISLO list will be finalized and redistributed to the committee, then to the schools for feedback, and finally to Faculty Assembly. The anticipated timeline is to have it to Faculty Assembly by December 1st or February 1st at the latest with the end goal being the ISLO revisions will be approved by Spring 17 midterm.
- ~ Before faculty go away for the summer, we will ask them to re-map their courses with a worksheet that this committee creates to assist them with re-mapping in Taskstream.
- ~ Next fall when it is time to call for cycle, things will already be re-mapped. There was discussion of a four year cycle and a decision of a planned cycle will be formed looking at a full list of GER and ILSOs.

Action Items:

Sarah & Kirk: Make the suggested changes to the ISLO revisions per our discussion today and send to the group.

Mike: Send Kirk information on ABET assessment.

Renee: Add ISLO & GER Cycles to our next agenda.

➤ II. Approval Process for PLSO Change – Tabled
