

Alternate Ways to Earn Credit/Credit by Exam

You can earn college credit for academic achievement acquired outside the conventional college classroom through nationally recognized exams such as the College Level Examination Program (CLEP), Excelsior College Exams, AP Exams (given at the end of a high school advanced placement course), DSST (formerly DANTES), Military Education Credits and the International Baccalaureate (IB) Program.

NOTE: SUNY Canton's Residency Requirements are: 15 credits for an Associate Degree and 30 credits for a Bachelor's Degree, independent of exams.

An official grade report must be sent to SUNY Canton before exam credit can be awarded. Credit awarded will appear on a SUNY Canton transcript after the first semester of enrollment. The credit awarded depends on the curriculum chosen and the courses required in that program. SUNY Canton's Office of Admissions can provide specific information. Please contact the Admissions Office at (800) 388-7123 or (315) 386-7123.

Matriculated students may earn credit for a SUNY Canton course with an accepted score on a locally prepared challenge exam. A student with sufficient background in course content should contact their School Dean before enrolling in the course to be challenged. Not all courses may be challenged. Credit by challenge exam is available only to matriculated students. A fee of \$40 per credit hour will be charged prior to administration of the exam.
