Overland Park, Kansas, 66210

Dear Michael McCormick,

On behalf of *American School & University* magazine, I'd like to congratulate SUNY Canton Renovation and Addition Dana Hall, submitted by Mach Architecture, on appearing in our fall 2021 Architectural Portfolio issue. Please find enclosed a copy of the 39th edition of this annual awards competition honoring education design excellence.

Each year *AS&U* gathers some of the nation's most prestigious education administrators and architects to judge entries submitted from across the country for the Architectural Portfolio. Outstanding designs like yours are chosen for publication in this special issue, which is sent to 57,000\* facility planners, school and university administrators, and architects.

More information about the Architectural Portfolio, including a complete list of 2021 projects selected for publication, can be found on *American School & University's* SchoolDesigns.com website.

Founded in 1928, *American School & University* is devoted exclusively to education facilities/business administration and delivers a combination of exclusive reports, special focuses and how-to articles. More information about *AS&U* can be found at ASUmag.com.

The Architectural Portfolio wouldn't be the valuable sourcebook it is without the innovative ideas found in facilities like yours. Thank you for being part of this year's issue.

Sincerely,

A handwritten signature in black ink that reads "Joe Agron". The signature is written in a cursive, flowing style with a large initial "J".

Joe Agron  
Editor-in-Chief/Associate Publisher
