

# HOW TO ACCESS AND UNDERSTAND YOUR DEGREEWORKS AUDIT

- 1) Log into **UCanWeb** and go to **Student Menu-> Student Records-> Degree Evaluation**.
- 2) You need to log in to the Federated site. Select Canton as the campus and then use the same username and password as when your campus email.

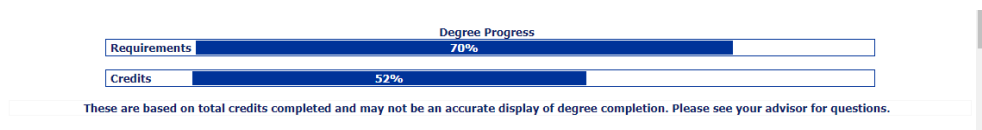

- 3) Your degree audit should come up automatically.

**What you should notice:** Audits are separated into “blocks” of information

**The first block contains your general information.** Your current major, class standing and advisor should all be listed here.

SUNY Canton DegreeWorks	
Level	Undergraduate
Degree	A.S.
College	Business & Liberal Arts
Major	Early Childhood
Class	Second Semester Soph
Advisor	Martin, Christina L.
Overall GPA	2.39
Test Scores	

**Status bars:** These will give you a **general idea** of where you are at towards your degree. They should **NOT** be the only part of the audit that you look at since there are many factors involved in completing your degree. “Credits”, in particular, can be misleading for students that have transferred or changed majors as they may have many credits but not be near degree completion. “Requirements” is a good guide. It will say 98% when you sign up for your last batch of courses and only say 100% when you complete those courses.

**Degree Block:** Overall degree requirements – your catalog year, number of credits needed, and in what categories are all listed here. Open red check boxes (☐) mean something is **Still Needed**; Green check marks (☑) mean the requirement is met. You should note how many credits are required for your degree and how many have been applied.
