

Joseph Moises '25

Peer Mentor

My name is Joseph Moises. I'm currently a senior in the Sports Management program here at SUNY Canton. My first footsteps on campus were during the Jump Start Program in the summer of 2019. It gave me a head start and guided me as I was adjusting to the college lifestyle. Choosing SUNY Canton was not that hard for me as I was well-aware of their fantastic Sports Management program. I've always been into sports growing up, primarily basketball and baseball, so I know that SUNY Canton would allow me to gain knowledge and experience on the different aspects of sports. SUNY Canton provides its undergraduates with an endless number of resources and opportunities to better help and prepare its students for life after graduation. I can assure you that the professors, advisors, tutors, and upperclassmen will always be more than glad to help you out with anything you need.

Being from the city that "never sleeps", there is always something going on. On the other hand, during my time at SUNY Canton, it is a completely different environment, it is very peaceful and quiet. So it's kind of having the best of both worlds. Going to school so far away from home has allowed me to become the man that I am today due to the fact that I had never been or lived on my own before going to college.

As I mentioned before, my first steps in SUNY Canton were during the Jump Start Program in 2019, so having the opportunity to now be a Jump Start Mentor is very special to me. From experience, the Jump Start program allowed me to adjust to the college lifestyle earlier than others. Being a mentor will allow me to share my experiences and knowledge with incoming students to help and prepare them for what's to come. My goal this summer is to make students feel comfortable and help them come out of their comfort zone as they are transitioning to a huge and important part of their life.

**GREAT MAJORS,
GREAT CAREERS.**
