

GER ASSESSMENT Meeting notes 10/20/2015, Fishbowl, Library

Present: Kirk Jones (Chair), Sarah Todd, Rachel Santose, Patrick Casselman

Absent:

Next meeting: Oct 27, 2015, location TBA

Agenda:

Convened at 11:06

- A. Look at methodologies for 4,5,6
 - a. K. Jones - Reflection on protocol is not contained in the report form and should be added. We should also add the GER coordinator to the webpage. A protocol for revision should be added to facilitate hand-off to the next coordinator. This will help make the process more transparent and standardized.
- B. For meeting with GER 4,5,6
 - a. Question 1. Is the methodology on provost page correct?
 - b. S. Todd suggested we compare methodologies with what other schools are doing. Committee members are each taking one GER to research: GER3-Kirk, GER4-Rachel, GER5-Patrick, GER6-Wil, and Critical Thinking- S. Todd
 - c. Should we ask the coordinators about aligning the course SLOs with GER SLO? **K. Jones** will ask Curriculum Committee Chair (Nick Kocher) about the feasibility of this.
 - d. S. Todd asked what the time lines are for the reports. After the end of the semester? **K. Jones** will talk with N. Kocher about this as well. As a **subcommittee** we will establish due dates for Spring.
 - e. Review sheets: 2 options: Use individual CLR form and then group form from S. Todd.
 - f. Can we revise the GER objectives? Or get permission to do so from SUNY Central? **S. Todd** will check on this.
 - g. We will also share the review forms with the GER coordinators at our next meeting.
- C. K. Jones identified a need for a review form for the methodology, to make sure the outcomes are measurable and transparent. **S. Todd** will draft a rubric and share with subcommittee.
- D. P. Casselman suggested that we make sure revisions of methodology are compatible with Task Stream (e.g. 4 to 3 outcomes)
- E. P. Casselman also proposed that we look at Math as a test case for this as they are in the process of revising their methodology.
- F. Next meeting: we will meet with GER 4,5,6, coordinators to discuss methodology and timeline. Each GER committee point person will then meet with individual coordinators to go over any questions after that point.
