### Reasonable Effort Template

#### SUNY CANTON MANDATORY PROFESSIONAL LICENSURE DISCLOSURE

*Effective July 1, 2024, federal regulation requires institutions of higher education to determine whether a Title IV eligible academic program that leads to professional licensure or certification meets the educational requirements for licensure/certification in the U.S. State where the institution is located and the U.S. States where “distance education” students are located at the time of initial enrollment in the program, as well as U.S. States where the program is advertised as meeting such requirements, and if applicable, the U.S. State where students attest they intend to be licensed/certified.*

The **[Insert Licensure Program at SUNY Canton]** is registered by the New York State Education Department and thus meets the educational requirements for licensure/certification for New York State.

Additionally, through a reasonable faith effort and to comply with the federal regulation, we have determined that the [Licensure Program] at SUNY Canton meets the educational requirements for licensure/certification in the following U.S. States (see table below).

*It is important to note that SUNY Canton is not the licensure/certification authority in these U.S. States and cannot assess whether an individual candidate will be issued a license/certificate in these U.S. States. Instead, it is incumbent on each candidate to contact the licensure/certification authority in the applicable U.S. State for any further guidance on the requirements for licensure/certification requirements and application processes.*
