- Tracking will have all of the flags raised on a student.
- Courses will list all courses or only the courses that you have that student in, depending on your access
- Meetings will show any meetings made via RooSuccess as well as those that are pulled in from the tutoring labs.
- Notes are between campus personnel. In particular, look for **Notes that are labeled "follow-up on a flag"** to see how other campus personnel have intervened on a flag.
- Network will show you who else is a part of the student's Success Network this semester.

Tracking	I talked to [student] about the flag raised in [class]. The discussion was said the assignment slipped his mind. I asked if he writes down his assignments, he said yes. I suggested he put alerts on his phone so gets reminders to have the assignments. He told me this is not a regular for him and he will make sure it gets do					e sure it gets done.

Use Add Filters to pull out specific populations of students. This feature has a lot of options.

- Limit to a particular type of flag or kudos
- Limit to students that have or have not scheduled a meeting with you
- Limit to students based on an Attribute (your students on Academic Recovery, your students who are not fully in the major, etc.)
