

SEVIS Change of Address Reporting Form

Federal SEVIS regulations require F and J students, scholars, and faculty (including students who have graduated but are on optional practical or academic training) to notify the International Programs Office within ten days of any change in your U.S. address.

By reporting this change on this form, it will then be updated into SEVIS and you do not have to file a separate AR-11 form with the Department of Homeland Security.

You may also use this form to report a new e-mail address.
