Applying for Scholarships

SUNY Canton is proud to acknowledge the diligence and dedication of students to their studies by providing scholarships. We would like to offer you the opportunity to apply for these scholarships.

While many of our scholarships are awarded, based on your application to SUNY Canton and/or your academic transcripts, many also require an application so we may learn more about you. You are more likely to receive a scholarship award if you complete the general scholarship application in full. However, completing the general scholarship application does not guarantee that you will receive a scholarship, but it does increase your chances. All essay questions will be reviewed and scored by two independent committee members. Please be thorough and check your essay answers for grammar, punctuation, and spelling before submitting your general application. The earlier you complete the general application, the better your chances of being awarded. **Please carefully review the provided instructions to our General Scholarship Application.**

This application will automatically match you with opportunities that you qualify for. After completing your application, you may be presented with “Recommended Opportunities” that often require supplemental questions. Please complete these to be considered for those specific opportunities.

You are encouraged to apply for scholarships as soon as possible, as funds are limited. If awarded, you will be notified via your SUNY Canton email address.

Some awards require that a student demonstrate financial need, which is calculated based on information provided in the Free Application for Federal Student Aid (FAFSA). Applicants should complete this information as soon as possible by visiting www.fafsa.gov.

Please direct any questions regarding completing the scholarship application to the Scholarship Coordinator, Mary Jo James, at scholarship@canton.edu or 315-386-7616.
