Abigale Fink`23

Corinth, New York

My name is Abigale Fink, and I am a senior in the Early Education and Business Management Bachelors program here at SUNY Canton. I graduated Magna Cum Laude from my Associates degree program of Early Childhood Studies in the Spring 2021. I plan to continue on towards obtaining a Master's degree in Social Services once I have completed my Bachelors program. I decided to take a gap year when I graduated from high school and spent time traveling to places like Lebanon, Bahrain, Dubai and Germany. When I returned home, SUNY Canton was an obvious choice for me because the degree program offered many experienced professors, as well as numerous potential career opportunities. When I am not in class, at work, or in a meeting, I enjoy exploring the surrounding area, watching movies with friends, and participating in campus activities.

This is my third semester as a student ambassador. I also hold various other positions on campus, including being an RA in the Kennedy Hall dorms and current President of the Student Government Association (SGA) for the college.

I love the opportunity of getting to meet new prospective students and their families, while being a resource to currently enrolled students. I have made so many connections and found great opportunity in just 3 semesters alone.

GREAT MAJORS,
GREAT CAREERS.
