CANTON
STATE UNIVERSITY OF NEW YORK

Alana Lawrence ’28

LaFargeville, New York

My name is Alana Lawrence, and I am a sophomore here at SUNY Canton. I am a part of the Legal Studies Bachelor’s program, and currently part of the 3+3 program with Buffalo Law School. I plan to graduate in 2028 and pursue a J.D. in Law, and then a career in statutory law. I am from the area, and am very used to small towns, so Canton was an easy choice for me! I adore the small, tight-knit community here, and it is such a beautiful area. I especially love the close relationships students and professors are able to have. Outside of my classes, I spend a lot of time on campus. I am very into arts and crafts, and love to do DIY’s. I love attending the different events held on campus, as well as checking out the nature outside of campus and exploring everything that Canton and Potsdam has to offer. I especially enjoy attending the different shows and events held by the different bands and art groups around the area.

This is my first semester as a student ambassador, and I also spend time working at the library. I love being able to help current and prospective students in different ways, and the connections that it brings to me. I am looking forward to being with the Admissions Office this semester!

GREAT MAJORS,
GREAT CAREERS.
