

Alexis Ploutz '27

Jefferson, New York

My name is Alexis Ploutz, and I am a freshman entering my second semester of college in the Funeral Services Administration program here at SUNY Canton. I am an Aquarius with a deep love for iced mocha lattes, thriller novels, scary movies and skincare. In my free time, I enjoy volunteering in areas to help communities in need and spending quality time with my friends. The road to becoming a Roo was not the smoothest for me, as the travel time is four hours and homesickness is very real. However, SUNY Canton's excellent Funeral Services program, its friendly and helpful faculty, and the major being offered as a Bachelor's degree, drew me in.

I became SUNY Canton's number 1 fan when I recognized all the support around me. It is this passion that drew me to apply for a position as a student ambassador. It is my hope to provide prospective students and their families with the security in knowing that no matter the circumstance, SUNY Canton is worth every second spent here. Being involved on campus, spreading positivity, and encouraging more possible future Roo's to join the family is how I intend to spend the rest of my years here on campus.

**GREAT MAJORS,
GREAT CAREERS.**
