

Blanche Yougang `21

Yaounde, Cameroon

My name is Blanche Yougang, and I am in my final semester of Finance, BBA program. I am an International Transfer Student, and this is my second semester in SUNY Canton and in the US. I chose to come to SUNY Canton because of the partnership agreement it has with the PK Fokam Institute of Excellence, where I started my first semesters back in Cameroon. SUNY Canton has good programs and great resources for students in general and International students in particular. I like it here, especially for the fact that most courses are hands-on.

This is my second semester as a Student Ambassador. I am also a Resident Assistant, a tutor and I work in Chaney Dining Hall. I love getting to know students around campus and help prospective students when they have any questions, helping them connect with other campus resources. In my free time, I like doing braids, listening to music, cooking, watch tv and do some handicraft work.

**GREAT MAJORS,
GREAT CAREERS.**
