

Daniel DePhilippis '24

Galloway, New Jersey

My name is Daniel DePhilippis, and I am in my final semester here at SUNY Canton for the Esports Management B.B.A. program. I also have a minor in Marketing Management. I came to SUNY Canton on the sole fact they put their money where their mouth is when it comes to their Esports program and how in-depth they were getting at the time of my visit back in 2019. Here at Canton, I have been able to thrive in multiple areas of this campus. I was a Resident Assistant at Heritage Hall, where we have our very own Esports Wing for students to take advantage of. I am also a part of our collegiate Halo Infinite Esports team, where we play against other schools in a season for the grand prize at the end of it. I was able to just recently go to Japan this past summer, thanks to our Study Abroad office at the Ready Center here on the campus grounds! I am also a member of the Gaming Club here at campus and have been active with the members of the club since 2021. Coming here to Canton can allow those who put in the effort to succeed and thrive way beyond what you thought was possible. Take advantage of the opportunities in front of you and the sky's the limit here at SUNY Canton!

GREAT MAJORS,  
GREAT CAREERS.
