

## Estelle Mieuguem '21

Yaounde, Cameroon

My name is Estelle Mieuguem. I am a Senior International and Transfer student in the Finance Program. I have been in the United States since January 2021, due to a partnership between my University back home: PKFokam Institute of Excellence and SUNY Canton.

SUNY Canton is by far the best place to be. I am really impressed with how worthy people are here. Lecturers and all the staff are really nice, comprehensible and ready to make you succeed. Being a student at SUNY Canton has given me the opportunity to develop new skills and to definitely surpass myself.

I am currently a Student Ambassador, as well as a Resident Assistant here at SUNY Canton. I enjoy meeting new people on campus, as well as prospective students. It is always a pleasure to know about their experiences, culture and differences: I love diversity!

Outside of the classroom, I like to chill out, hang out with my friends and manage my current business back home.
