Gianna Murphy '24

Brooklyn, New York

My name is Gianna Murphy, and I am from Brooklyn, NY. I am currently a second year student in the AAS/BS Dual Degree Nursing program. I chose nursing because of the small and intimate nature of the nursing student-staff community. Nursing is just one of the many exciting majors offered at SUNY Canton. As a nursing student here, I have been given the experience to learn hands-on nursing at clinical sites and on campus. Having these kinds of resources available has opened up a lot of possibilities for success. Becoming a student here, I've had more opportunities in Canton than I've ever had anywhere else. I studied abroad at the University of Lincoln in England, am a member of TRIO, the 2018 Canton Idol champion, and much more. As a result of my time here, I have formed unbreakable bonds with professors and students that will last a lifetime. In my free time, I enjoy traveling, attending music festivals, and playing lacrosse. I want to work as a traveling nurse when I graduate so that I can combine my two passions and call it a profession.

**GREAT MAJORS,
GREAT CAREERS.**
