

Gillian Fable '27

Brooklyn, New York

My name is Gillian Fable. My hometown is Brooklyn, New York. I am a junior, studying Management in the School of Business and Liberal Arts program. I chose to attend SUNY Canton because of the welcoming energy it has, how helpful everyone is, the layout of the campus, and the academic and professional support the school offers. I attended a bus trip to SUNY Canton my senior year of high school, and I truly enjoyed my time here. When touring the campus, I appreciated the fact that everything was close to each other, and easily accessible. I enjoyed how the dorms were set up and it felt like this was supposed to be my second home. I'm also able to get a good workout in because we have a gym right on campus. I enjoy the diversity of clubs and programs you can participate in on campus. The clubs that I have participated in are Sister 2 Sister and Caribbean United. I also hold the position of Secretary on the National Society of Leadership and Success (NSLS) eboard. I have maintained a 4.0 GPA since freshman year, and I plan to continue my education by pursuing my MBA after I graduate. Aside from academics, I enjoy braiding hair and even started taking clients on campus. Overall, I can confidently say SUNY Canton has helped me come out of my shell, helped me gain experience and provided opportunities to continue to excel. Transitioning into the college world can be nerve wrecking, but this is a new door that has opened to take you where you want to be in the future. Continue to work hard and everything will fall into place. A quote that keeps me going every day is "Work hard in silence, let your success be your noise."
