

## Grace M. Bankui Soh '23

Douala, Cameroon/ Canton, NY

My name is Grace Monique Bankui Soh. I'm a Finance senior student at SUNY Canton. Fall 2023 will be my last semester at Canton to complete my bachelor degree. I came in as a transfer student from Cameroon, due to the partnership Canton has with my former school. I love the calm and welcoming environment that SUNY Canton provides for the smooth running of its students staying here. All the staff and faculty are very approachable and always ready to help out if they can. Integrating at SUNY Canton and its environment was quite easy for me because everyone I met, be it the students, staff and lecturers, were always ready to help. One of the features I love most on campus is that I have the possibility to inhale some fresh air and somehow connect with nature. I do so by sitting on the benches on the side of Grasse River or putting my feet in the water.

I started as a Student Ambassador in Summer 2023. I am also a tutor at the Business and Accounting Lab at the Learning Commons. In addition, I work at Chaney Dining Hall. I love to help out others and transmit what I know. That is one of the reasons why I applied to be a tutor. During my free time, I enjoy cooking, singing, braiding and discussing with other people. I often go to the gym to workout, and I am an amateur tennis player.

**GREAT MAJORS,  
GREAT CAREERS.**
