STATE UNIVERSITY OF NEW YORK

Iassah Crowe '28

Brooklyn, New York

My name is Iassah Crowe. My hometown is Brooklyn, NY (The Best Borough by the way). I am a sophomore student here at SUNY Canton, studying in the Cybersecurity B.S program, known to be the top 11% in the country. I chose SUNY Canton when I was lost, bickering with old man senioritis, and leaving no stone unturned. I will be blunt; it was the best choice I could have made for my future. SUNY Canton is truly an environment to experience. The community is very loving and inclusive, truly treating you like family. From the multitude of major and program options to student involvement and engagement, a wonderland of opportunity, and a home away from home. Being here at SUNY Canton, was the turning point of finding myself, and the bonds I have forged have been a blessing to my life. It is another small world, hidden within the big one. Transitioning was rough for me with everything I was going through, and it affected my grades dramatically during my first year. By my second year, I had a 1.5 GPA, but thankfully, I bounced back. In one semester, I went from a 1.5 to a 2.5 overall GPA and even made the Dean's list last semester, obtaining a 3.15 term GPA. This is due to the resources, tutoring, and support provided to students on campus. Some of my favorite things to do on campus are hitting the gym, studying in the Cybercafé with a fresh cup of coffee, taking pictures of the beautiful scenery, and attending the amazing events that happen weekly! SUNY Canton is great start, and finish. It provided guidance in all shapes and forms, molding you into your best self. SUNY Canton made me mature, taught me how to take matters into my own hands, and to keep my eyes on the prize!
