

**Joanie Shaw '27**

Harrisville, New York

My name is Joanie Shaw. I am in my second semester of the Law Enforcement Leadership B.S. program at SUNY Canton. Since before I can remember, I have been drawn to the field of criminal justice and criminology. Knowing that I can make a difference in this world, even just locally, inspires me to work towards a career in law enforcement. I chose this campus to help me pursue my degree in law enforcement because the students and staff here are so approachable. Professors on this campus are genuinely interested in making sure you get the best out of your education. In my spare time, I enjoy competing in beauty pageants, studying herbalism, and playing guitar. I love traveling to music festivals and local county fairs.

**Your Admissions Counselor is:**

This is my first semester as a student ambassador, and I look forward to every opportunity this position brings me. I hope I can help other people learn about this campus and guide them towards their ideal future—whatever that path may be—as the past ambassadors once did for me.

**GREAT MAJORS,  
GREAT CAREERS.**
