CANTON
STATE UNIVERSITY OF NEW YORK

Justice Amos ’26

Schoharie, NY

I am Justice Amos, and I’m in my senior year as a part of the Game Design and Development program. I’m also studying for a minor in Writing and Communication. SUNY Canton was my college of choice, as I’ve heard many great things about its Game Design program and Esports team, as well as its serene nature sights and welcoming campus life. My professors, both current and past, have been amazing people with more than enough prior knowledge in their fields to confidently teach students everything they need to know.

This is my first semester as an ambassador, but I am very eager to get to know everyone and work hard. I am usually found in my dorm, the dining hall or the gym in the Roo House.

GREAT MAJORS, GREAT CAREERS.
