Karl-Loic Donfack Tazanou '21

Douala, Cameroon

My name is Karl-Loic, and I am an international transfer student from PK FOKAM Institute of Excellence. It is a school located in the political capital (Yaoundé) of my country, Cameroon, in Central Africa. I am currently in my last semester here at SUNY Canton. I did Management in the first three years of my degree program, but switched to Finance when I came to SUNY Canton. I chose SUNY Canton because I was interested in the partnership they had with my previous school; also, due to the beautiful environment of the school, especially during the fall. Before being a student ambassador, I was a volunteer for a semester. This is my first full semester as student ambassador. Apart from being a student ambassador, I am a part time student tutor in the business and accounting lab. I also work as a part time LCA (Learning Common Assistant), in charge of supervising the library. I like getting to know people and learn from them and their culture. During my free time, I enjoy playing soccer and basketball. I also love hanging out with friends, in addition to playing pool and listening to music.

**GREAT MAJORS,
GREAT CAREERS.**
