

## Kody Burwell '25

Russell, New York

My name is Kody Burwell, and I am a freshman in the Crime Analysis major here at SUNY Canton. I graduated from Edwards-Knox CSD in 2021 and came to Canton to further my education in law enforcement. Law enforcement has just always seemed like my calling. Ever since I was young, helping people was kind of like second hand nature for me so I figured I might as well try and make a career out of it. My advisor and professor for my crime analysis classes is very experienced in the field, with several different careers relating to any law enforcement majors people could be looking to study at SUNY Canton. Besides my major here, I definitely get around campus a lot, and often times find myself walking through the village of Canton as well. I am a member of SUNY Canton's EMS, as it is another way to help out and is beneficial toward my career choice to learn first aid.

Next year, I am planning on taking my NYS EMT certification course. I am constantly participating in the activities they provide around campus as well. They show a new movie in the theater here every Sunday, and it is nice to be able to watch a movie here, instead of having to walk to the village movie theater in Canton.

**GREAT MAJORS,  
GREAT CAREERS.**
