

KYLIE RIVERA MALONE, NY

Hey!! I'm Kylie Rivera — I'm a Multimedia and Graphic Design student here at SUNY Canton, and I'm super excited to be one of your Student Ambassadors! I'm really passionate about art—whether it's digital design, drawing, or just getting creative, it's a huge part of who I am. When I'm not working on a project or in class, I'm usually outside. I love being in nature, going for walks, and getting movement in—working out is one of my favorite ways to stay balanced and clear my head.

Music is a big part of my everyday life—you'll pretty much always catch me with headphones in. I'm into a mix of sounds, but some of my favorites are Tyler, the Creator, Mac DeMarco, Malcolm Todd, Vansire, and way too many others to name. Whether I'm working on art or walking to class, there's always a playlist going.

And honestly, my favorite part of the day is walking around with my dog Pinky. He's the sweetest boy ever and kind of a local celebrity—everyone on campus knows him and loves to say hi. If you see a happy dog dragging me across the quad, that's probably us!
