

Lilyannah Palmer '28

Sherburne, New York

My name is Lilyannah Palmer. I am in my sophomore year of studying Forensic Criminology here at SUNY Canton, and this is my first year being a student ambassador. I chose SUNY Canton because I had heard their criminal justice programs are really good. Not only that, the Forensic Criminology program has everything I was looking for. I also really love the campus and how you can walk into town and explore. It's always fun, especially on a nice day! In my free time, I like to go support our sports teams with my friends, and I like to go to the many fun school events that are put on throughout the week by the College Activity Board.

GREAT MAJORS,
GREAT CAREERS.
