

Marianna Morgan '26

Mattydale, New York

My name is Marianna Morgan, and I am in my third semester of the Funeral Services Administration program. I chose to come to SUNY Canton because it is the only college in New York State that offers a bachelor's degree in Funeral Services, meaning that instead of just working in a funeral home, once I graduate, I will be able to own my own funeral home. The scenery and environment on campus and surrounding towns are a plus to going here. All the professors in my major are licensed funeral directors with years of experience. When I am not in class, I'm in the Mort Sci lounge, reading or hanging out with my friends. I am also a member of the Mortuary Science Association (MSA). Every fall semester, we host a haunted house the weekend before Halloween in Cook Hall. This year, we hope to sell T-shirts to fund raise and go out to clean headstones.

**GREAT MAJORS,
GREAT CAREERS.**
