

Muzamil Kaila '24

Syracuse, New York

My name is Muzamil Kaila, and I am a sophomore in the Automotive Technology program here at SUNY Canton. Before attending college, I was seeking schools that provided students with a variety of resources and support systems. SUNY Canton offers professors that are devoted to the success and learning abilities of their students, going above and beyond to help us achieve our goals. I admire how we are taught to think critically and diagnose vehicles rather than just servicing them. SUNY Canton overall makes me feel at home. It is a place where I'll be able to grow and develop, not just academically, but in all aspects of life. I am also a proud brother of the Gamma Sigma Zeta fraternity, Brother 2 Brother Club, and a Resident Assistant (RA). I am embracing the journey of learning and growth at SUNY Canton, making the most of its incredible resources.

GREAT MAJORS,
GREAT CAREERS.
