Ornessa Brown '21

Queens, New York

My name is Ornessa Brown, and I am a senior at SUNY Canton. Currently, I am in the Graphic and Multimedia Design B.S. program. SUNY Canton was the perfect choice because at Canton, I feel like I have a voice and that all my needs are being catered to very well. I appreciate how the professors are here to help you succeed and make sure you're doing your best. Being a student at SUNY Canton has given me the opportunity to develop skills I never dreamed of in high school.

I am currently a student ambassador at SUNY Canton. It is really great to be able to help people around campus and provide information to those that need it. Around campus, you can go to events hosted by various organizations such as the college activity board. At these events, you can play games, such as bingo to win cool prizes; make cool things, such as your own t-shirt or bottle; and so much more. The hands-on experience makes learning so much fun. Having access to expensive software is also really awesome.

GREAT MAJORS,
GREAT CAREERS.
