Gouverneur, NY

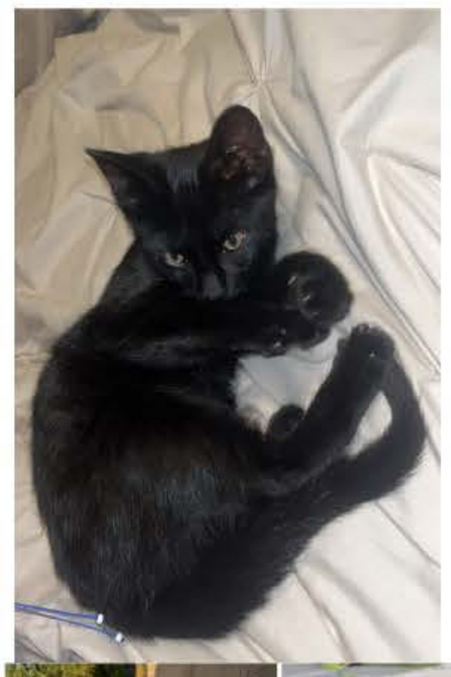

I’m a junior at SUNY Canton studying Sports Management, and this is my first semester working in the Admissions Office as a Student Ambassador. I’m also a captain of the SUNY Canton softball team, which has been a big part of my college experience. One of my favorite things about SUNY Canton is the campus. I really enjoy how relaxed and welcoming it feels, and there’s always something to do or someone to hang out with. Whether I’m on campus with friends, at softball practice, or just enjoying a quiet day, I’ve found SUNY Canton to be a place where I feel comfortable being myself.

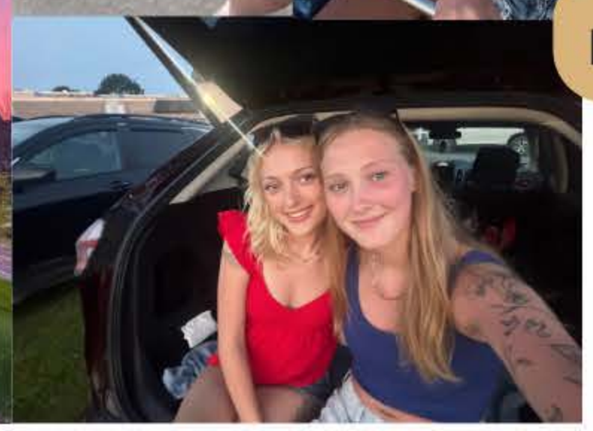

Forever a ROO!

Outside of school and softball, I enjoy spending time with my friends, playing softball, and hanging out with my cat, Smokey. I also love making memories with the people around me and enjoying the little things that make college life fun.

Being a student at SUNY Canton has allowed me to grow both personally and academically, and I’m excited to share my experiences with prospective students and families. As an ambassador, I hope I can help students feel more comfortable with the college process and give them a real look at what life at SUNY Canton is like!
