

Teanna Simmons `26

Brooklyn, New York

My name is Teanna Simmons, and I am a sophomore in the Health Care Management program. SUNY Canton was the right choice for me because not only did it have my major, but it allowed me to meet new people and gain a sense of independence. This is my 2nd year at SUNY Canton, and I have learned how to be more social with meeting new people and also joining in on the many events that we have on campus.

I am also a new student ambassador in the Admissions Office this year. In my free time, I enjoy dancing, cheering, and watching horror movies.

GREAT MAJORS,
GREAT CAREERS.
