

Thomas Costello '25

Staten Island, New York

My name is Thomas Costello, and I am a junior in the Game Design and Development program here at SUNY Canton. My favorite video games are Towe Unite and Destiny 2. Ever since I was young, I have been around video games, be it playing them myself or watching others playing them like my father. When it came time for me to apply for college and decide what I would want to be my career, I could not think of a better field than video game design. SUNY Canton was the right place for me, with the great professors in my major inspiring me to work harder, I can't imagine myself anywhere else. After I graduate, I would like to work for many of my favorite game studios, or potentially make my own.

**GREAT MAJORS,
GREAT CAREERS.**
