Ulrika Leslie Nyamsi '21

Yaounde, Cameroon

My name is Ulrika Leslie Nyamsi, and I am a senior in the Finance program. I am an International student coming from Cameroon. This is my second semester here in SUNY Canton, and I enjoy every bit of it. What I like the most about our school is the availability of our professors and how eager to help they are. In addition, the Learning Commons, which comprises of a tutoring center, ranked first in the SUNY system, as well as other resources on campus, is a great accommodation, to ensure student success.

I love our campus and its size, which I believe is the perfect environment to live the experience of a college student. Many of our professors and staff are graduates of the school, which makes it feel like a big family.

I am a Student Ambassador and a Resident Assistant at SUNY Canton. These two jobs teach me a lot about the professional world, and I am very grateful for that. I have met a lot of wonderful people, all thanks to these jobs. My hobbies are cooking, drawing, singing, and hair dressing. I enjoy travelling the world, love baking for my family and friends, and crocheting cloths for myself and friends as well.

**GREAT MAJORS,  
GREAT CAREERS.**
