

Yvan Tekam `24

Yaounde, Cameroon

My name is Yvan Tekam, and I am in my final semester of the Management B.B.A. program. I am an international student from Cameroon. I chose to come to SUNY Canton because I wanted learn more about business and to be excellent at it. I knew it would best prepare me for jobs after graduation. All of my professors are either business owners or still work within the field. They are all very approachable and want their students to succeed. Outside of classes, I am a part of the AXIOS (Christian group) here on campus. What I like about SUNY Canton is the way people are integrated and welcoming. It did not take time for me to feel at home at Canton. Finally, what I like about SUNY Canton is their tutoring services, as I had issues understanding some classes and they really helped me.

I started as a student ambassador in Winter 2023. I chose this job because I love helping others and giving them a smile I am a people person so I enjoy talking and knowing new people. My hobbies are hanging out with friends and going to the gym.

**GREAT MAJORS,
GREAT CAREERS.**
