

Trey Brown '25

Peer Mentor

My name is Trey Brown, and I am entering my junior year here at SUNY Canton. I am in the Health & Fitness Promotion major and am set to graduate from this program in 2025. I remember back to when I graduated high school and was deciding where I wanted to go to college, and after a few days of researching I found SUNY Canton. This was a great school for me to go to because it is close to home and originally when I picked this school, I was very interested in their Sports Management program. However, after my junior year I realized that there were so many other programs that interested me and decided to switch majors to the Health & Fitness program.

The environment here at SUNY Canton is something that I will never take for granted. The small, closeknit community here at SUNY Canton gives me and every student an amazing opportunity to exceed and grow as a person. The Jump Start program is one of the many programs that allow students to transition into the college lifestyle, so students feel safe and happy during their time at SUNY Canton.

Having the opportunity to become a Jump Start Mentor is one that I am very grateful for. I am extremely confident in my abilities to help others advance in their academic journey here at SUNY Canton while also offering students a familiar face that they can talk to whenever needed. I hope to be someone that students can relate to and create friendships with throughout their time here at SUNY Canton.

**GREAT MAJORS,
GREAT CAREERS.**
