**Hardship Waiver Process for the following Course Fees:
NURS 101, 106, 201, 202 and LPNC 101, 103**

SUNY Canton and the State of New York recognize the importance of facilitating the education of prospective nurses and medical professionals for New York State. To that point, and to ensure that prospective students of all socioeconomic backgrounds can pursue this path, SUNY Canton shall offer limited financial support for isolated students who may have a financial situation that results in an inability to pursue their chosen degree path in Nursing. The criterion for this limited assistance is as follows:

- SUNY Canton will consider an applicant's total cost of attendance and other applicable costs against applicable financial aid resources (exclusive of loans). In addition, potential applicants:
 - o Must be full-time,
 - o Must be eligible / apply for federal financial aid and accept all financial aid for which the applicant is qualified (not including the federal parent PLUS Loan)
 - o Have exceeded or exhausted all such financial aid,
 - o Have total qualified educational expenses (tuition, fees, room and board, and other expenses related to the Cost of Attendance) that is greater than the financial aid package (state and federal supplemental grants, or other scholarships)
- Finally, prospective applicants must have applied for, or be in the process of applying to a grant from the SUNY Canton Emergency Fund, and either have received such a grant, or be in the process of receiving such grant.

Request for Hardship Waiver must be sent to the Vice President for Administrations Office, 34 Cornell Drive, Canton, NY 13617 no later than census date (the conclusion of the third week of classes). The request should include your name, student ID number, the course fee that you are requesting the hardship waiver for, and your canton email address. Waiver requests will be reviewed by a committee, and you will be notified if your waiver request was accepted and approved based on the above criteria.
