Name & department of requester:

Requests for new tutoring services or materials, in addition to what is already offered, requires an individual/department to submit a proposal detailing the new service or resource and aligning it to either ISLOs or the institution's strategic plan.	
Considerations for submitting a proposal:	

- 1. Requests for new tutoring should reflect goals and objectives that are aligned with the institutional goals and/or ISLOs of SUNY Canton. Examples include retention, decreased failure rates, or providing support in courses that have historically D/F/W rates.
- 2. Requests must be submitted to the Dean of the appropriate school by <u>February 2, 2024</u>. Approved requests need to be provided to the Executive Director for the Learning Commons by <u>February 16, 2024</u>. This will allow adequate time for review and budget planning.
